COACHING LOWLIGHTS

- **0 National Championships**
- **0 – 5 vs ECU**
- **2 ejections, 1 non-coaching**

Why would you make a good NCBA Division II Rules Committee Representative?

It has been an honor to be a part of this league in some capacity over the past 18 years. I have seen the league grow from 34 teams to over 300. With this growth, I believe it is imperative that we have strong team representation and communication with the league about rules and structure to ensure that everyone’s voices are heard. One rule change can now affect over 6,000 players each season and that is not a fact I take lightly.

I am heavily involved with the administrative duties of our DII team, and actively monitor all divisions in the NCBA despite my head-coaching role in DI. I am well aware of the challenges that all teams face and continuously seek new ways to help promote and improve each division, but specifically DII as I believe it needs more support than it currently receives. I have always been a strong advocate for the team’s viewpoint and will continue to ensure all rules suggestions are presented, discussed, and voted on at the annual meeting. Lastly, I am always available throughout the year to discuss rules suggestions and provide feedback about the process to the teams for transparency.

Additional Comments:

I have gained many friends, and maybe a few foes over my time with the league, but my competitive nature has never blurred my decisions to help support the league’s goal of providing the best opportunities for student-athletes to continue their baseball careers. I look forward to watching the league to continue to grow in whatever capacity that may be. Thank you as always for your consideration as the DII Rules Representative.
