2022-2023 Season Outlook: The Razorbacks hope to have a vastly different season from 2022. Many new additions to the Hogs roster in the fall allowed the hogs to have a 6-2 overall record. The Razorbacks

appeared in the Flint Hills Fall Classic tournament for the first time in program history. With 12 returning players from the fall the Hogs seek to add loads of new talent that will help the team succeed in conference play. We are hoping many of the new recruits we pick up for spring will help us become a strong contender in the conference and eventually regional playoffs. We want to aim high and hopefully advance to the D2 World Series.

Manager Quote: "I think this year will be different in many ways. As the new leader of the team I've surrounded myself with guys who have just as much ambition as I do for this club. We want to take ourselves places and reach new goals that we haven't hit in the past. I fully believe that this year is the year for the Hogs!"

2022-2023 Season Outlook: The Jays return all but 4 from a special team last year, always led by their strong pitching and defense, Creighton appears to have bulked up on hitting the ball displayed by scoring 8 or more runs 4 times out of 10 in the fall. Headed into a new conference the Jays look to expand on their prior successes against new foes and a new region. One thing that will always remain persistent among this team is the bond that the players share. The boys are excited, motivated, and ready to roll into the spring with the renevated Jays team.
