2022-2023 Season Outlook: The Lopes return 18 of 21 on the roster which includes every starter and the entire pitching staff. In addition, the Lopes have added three very capable players. New players include Thomas Blakney an all league Junior College transfer pitcher/ middle infielder and Luke Peterson a Freshman Left handed pitcher that is showing strong potential on the mound. Blakney will contend for the top pitching spot with Kyle Weaver who was last year's World Series MVP. Another addition to the GCU Lopes Squad is Harrison Fleek a freshman catcher and outfielder. With our entire pitching staff returning plus the new editions, the Grand Canyon Division II Lopes should be a legitimate contender again this year.

Manager Quote: "Nice to have this group of guys back together and with the new editions, we look stronger than a year ago. I am expecting big things from these young men and look forward to a solid season of play. Who knows! As long as the we catch a few breaks and execute the way we know how, we should be in the middle of it again this year".

2022-2023 Season Outlook: Coming off of a tough ending to a good season in 2022, USD is ready to bounce back stronger. After losing only 1 starter and adding many valuable pieces. 2022 was a positive with regular season losses only coming to Grand Canyon, we showed we are among the best teams in NCBA division two. After a sit down player meeting in the winter, the team decided on one goal, a world series appearance.

Manager Quote: "I think we had a really talented and young team last year and I can't wait to see the experience come through with our veterans. I think that, along with our new additions, will give us the push we need for a deep playoff run."
